Multi-function motion sensor night light  
Night light | Sterilizer | Humidifier | Aromatherapy

To be Night Light--the light will be on when it detects you  
To be Sterilizer--add 75% alcohol or disinfectant to do sterilization to keep healthy  
To be Humidifier--add clean water to keep away from dry and keep air humidity.  
To be Aromatherapy--add plant essential oils to do deodorant to fresh air.

Good Performance Instruction

Multiple designs	Silent accompany	Smart night light
2600 mA battery	Quality insured	Simple design

PRODUCT DETAILS

Product Name: Multi-function motion sensor Night light	
Rated voltage: DC-5V	Rated power: 2.5W
Frequency: 108KHZ	Tank: 180ML
Model No.: CL-YT01	Product size: 150MM
Battery: 2600MA	Light Type: LED

### Product details discription

1. Atomizing control button
2. Type-c charging
3. Light control button
4. Invisiable sticky side
5. Hanging hole
6. Water filling hole
7. 120 °C motion sensor
8. Atomizing hole

### Main application

Satisfied with different clients requirements
